## OPEN FOR BOOKING ALL YEAR ROUND

We're open daily from May to September with several departure times on our various courses. During the peak season (July and August) we also accept drop-in guests, but we always recommend booking in advance. Groups can book the Black and Red runs almost any day of the year. You find us up a mountain in Kronoparken, a park area about 5 km north of Klavreström and about 2 km from Route 31 in the heart of Småland.

## WHAT IS ZIPLINE?

Simply put, a zipline involves guests being harnessed to a cable and taking a treetop ride between stations. You travel one by one.

You go in a group of up to 10 people, accompanied by two guides who ensure your safety throughout the adventure.

Ziplining is an adrenaline-fuelled adventure in beautiful countryside, here and there including high altitudes and high speeds.

You start from the top of a mountain that is one of the highest landmarks in Småland and pass over ravines, streaming waters and panoramic views at different points along the way.

Children weighing less than 35 kg can be zipped in tandem with one of our guides. This is possible on all our courses.

All zipliners are given a bandana to wear that also acts as a safety detail since it prevents long hair from getting caught in the cable wheel when travelling.

This headgear, carrying our logo, becomes something of a status symbol for guests completing the course. They are not for public sale but are reserved for those brave enough to zip with us.

## ZIPLINE COURSES

### GREEN ZIPLINE "THE FAMILY-FRIENDLY RUN"

Are you keen to ride the zipline but are not necessarily interested in the highest levels or the fastest speeds? This two-hour adventure features a delightful trip through striking countryside and is an excellent course if you are not sure how much adrenaline you can cope with.

#### Facts:

- » A 1 186 m course divided into 6 lines
- » Starting from a ground platform on a steep rise
- » The highest altitude is 15 m
- » The highest speed is 50 km/h
- » Includes a paired zipline (double line)
- » Two guides provide nature guiding and ensure rider safety from start to finish
- » Duration: 1.5-2 hours (Estimated time for full group)

### BLACK ZIPLINE "THE ADRENALINE-FUELLED ADVENTURE"

So you want a real adventure? This course has a drop of 42 meters. We also visit the 300-year-old tree, zip across the Sångebäck Ravine, land beside rock faces and cross provincial and municipal boundaries. We guarantee that the adrenaline will flow!

#### Facts:

- » A 2 155 m course divided into 8 lines
- » We begin with a 25 m walk on the suspension bridge 18 m above ground
- » The highest altitude is 52 m
- » The longest line is 388 m
- » The highest speed is 75 km/h
- » Includes three paired ziplines (double lines)
- » Two guides provide nature guiding and ensure rider safety from start to finish
- » Duration: 2.5-3 hours (Estimated time for full group)

### RED ZIPLINE "THE ALL-IN ADVENTURE"

Here you thrill to a unique adventure in the wilds with specially designed platforms and the longest, fastest and highest lines. Experiencing nature is top priority and you also have the opportunity to hike through a key biotope. This is not an adventure for the faint-hearted, but eminently suitable for those who feel that "if you're going to zip you might as well do it properly"!

#### Facts:

- » A 2 610 m course divided into 8 lines
- » We begin with a 25 m walk on the suspension bridge 18 m above ground
- » The highest altitude is 52 m
- » The longest line is 427 m
- » The highest speed is 75 km/h
- » Includes two paired ziplines (double lines)
- » A beautiful 250 m forest hike through a key biotope
- » Two guides provide nature guiding and ensure rider safety from start to finish
- » Duration: 3.5-4 hours (Estimated time for full group)

### PURPLE ZIPLINE "4 BRILLIANT LINES"

This product is an adrenaline-rich adventure for those preferring a shorter trip. You zip along some of our highest and longest lines and the guides describe the natural attractions in our surroundings. This is our shortest run and it's perfect for hen-party and stag-party groups with limited time at their disposal. And of course for other visitors who can only spare two hours.

#### Facts:

- » A 1 063 m course divided into 4 lines
- » We begin with a 25 m walk on the suspension bridge 18 m above ground
- » The highest altitude is 52 m
- » A short nature hike
- » The longest single line is 388 m
- » Two guides who ensure rider safety and supply information about the local nature
- » Duration: Up to 2 hours

### BLUE FIRST CLASS FOREST ZIPLINE "DELUXE ADVENTURE IN THE WILDS"

A completely new product this year is the First Class Forest zipline! This is a specially designed run for those who want that little bit extra. You ride in a group of no more than 6 participants for maximum comfort and less waiting time between stations. Included are snacks on arrival, our longest, highest and fastest lines, and transport back to Base Camp, as well as an à la carte lunch after the run. Enjoyment of nature is a top priority, which is why only our best guides accompany this trip.

#### Facts:

- » Snacks on arrival
- » Hiking through protected biotope areas
- » Small exclusive groups for maximum comfort
- » A 2 610 m course divided into 8 lines
- » We begin with a 25 m walk on the suspension bridge 18 m above ground
- » The highest altitude is 52 m
- » Two double lines
- » The longest single line is 427 m
- » Rappelling down a rock face
- » À la carte lunch in the restaurant
- » 2 of our best guides accompany the group and ensure rider safety from start to finish
- » Duration: approx. 4.5 hours

### HOW SHOULD I DRESS?

Here in Sweden, and especially in the southern highland landscape, the weather can change rapidly. Our website has its own weather service, and we recommend that you keep an eye on the forecasts when booking your zipline adventure.

Whatever the forecast says, it is always a good idea to bring alternative clothing and several layers. We recommend long trousers and other clothing according to the season. You are not allowed to zip in sandals, flip-flops or other open shoes. We recommend proper footwear for outdoor use.

If there is a risk of rain, we recommend a rain suit or some other kind of rainwear.

### IMPORTANT INFORMATION

Our courses vary in their level of adrenaline and length of time, not in their degree of difficulty. All our courses are suitable for all ages from 5 to 99 years.

**Minimum weight 35 kg for zipping alone**

**Maximum weight 125 kg**

Children under 35 kg ride with one of our guides since they cannot reach the next station if they zip alone. The guide is responsible for safety throughout the adventure.

### WHAT TIME MUST I BE THERE?

All participants must be present no more than 30 minutes before a booked departure.

Remember, the drive from Route 31 up to our parking lot at the top is 2 km along a narrow gravel road. You then have a 150 m walk to our Base Camp.

Remember, too, that arriving late may mean missing your place on the run and being charged 100% of your fee. Late arrivals sometimes occur, however, and we do our best to find solutions.
